

# ADAPTING TO COVID-19: UPDATES FROM DRP

DRP is here for all your planning needs during this time of uncertainty. In response to the Coronavirus (Covid-19) emergency, we have transitioned all regular in-person business to be conducted online.

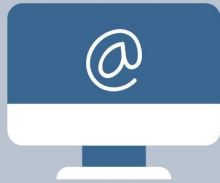

## SERVING THE PUBLIC

While all physical DRP offices are closed, we continue to serve the public by phone and email (contact info below).

Applications for all types of zoning permits can be submitted online at **[epicla.lacounty.gov](http://epicla.lacounty.gov)**, and will be reviewed and approved digitally.

## CONDUCTING PUBLIC MEETINGS ONLINE

We still rely on LA County residents to drive planning policies and decisions. We're conducting our meetings and outreach online, including panel discussions for the Climate Action Plan, focus group discussions for adaptation projects, Hearing Officer and Regional Planning Commission meetings, informational videos, and more!

For current meeting information, please visit **[planning.lacounty.gov/covid19](http://planning.lacounty.gov/covid19)**

## TRANSLATION FOR MEETINGS

We are currently exploring resources to provide full interpretation services during public meetings. We currently offer Spanish translation during public comment. To request translation in order to provide comments, please email **[interpretacion@planning.lacounty.gov](mailto:interpretacion@planning.lacounty.gov)**

## ZONING ENFORCEMENT

We continue to enforce zoning code regulations. To submit an inquiry or complaint, email **[zoningenforcement@planning.lacounty.gov](mailto:zoningenforcement@planning.lacounty.gov)**, use Public Works mobile app "The Works", or call the County Helpline 211.
